ABSTRACT

As a measure of decentralization and reorganization of the university education in the State of Maharashtra, this University has been established and incorporated by Government of Maharashtra state Act XXIX of 1989, with a view to meet the educational needs of students as well as teachers of the University. It was a felt need of this University to initiate Library and Information Services to support academic activities of the University. For this purpose, the Central Library was established during 1991-1992.

INTRODUCTION

Hypothesis:

- Reviewing the relevant library
- Practitioner study of material collection available in library
- Viewing material information available online

Research Methodology: case study :

Definition:

A case study is a detailed study of a specific subject, such as a person, group, place, event, organization, or phenomenon. Case studies are commonly used in social, educational, clinical, and business. (<https://www.scribbr.com>)

A case study research design usually involves qualitative methods, but quantitative methods are sometimes also used. Case studies are good for describing, comparing, evaluating and understanding different aspects of a research problem.

The KBC North Maharashtra University has been granted access to the Plagiarism Detection Software (PDS) under a programme “ShodhShuddhi” which is an initiative by The Ministry of Education, Govt. of

India. Under this initiative, Drillbit-Extreme a Web Based Plagiarism Detection Software system is being used for detection of Plagiarism in the scholarly materials of research students, faculty members, etc. To avail the service from knowledge resource center,

student have to submit an application form and provide soft copy of the thesis. The facility is made available through official email ID of KRC (library@nmu.ac.in)

The Steps are as follows:

The Drillbit-Extreme access is also provided to research supervisors for checking research papers of their students.

- Students send thesis soft copy to library@nmu.ac.in at the time of final submission after pre-viva.
- KRC Official will forward the soft copy to the Drillbit-Extreme service. The process may take 1-2 working days.
- KRC Official will forward the analysis link to the student along with plagiarism checking application, format for cd/dvd naming conventions and instructions to download plagiarism certificate.
- Students can follow the instructions and download plagiarism check certificate from the analysis link and attach the same in the thesis hard copy.
